Introduction	vii
§1. Preliminaries	1
§2. Complexification and real forms	12
§3. Real forms and involutive automorphisms	20
§4. Automorphisms of real semisimple Lie algebras	27
§5. Cartan decompositions and maximal compact subgroups	36
§6. Homomorphisms and involutions of complex semisimple Lie algebras	44
§7. Inclusions between real forms under an irreducible representation	50
§8. Real representations of real semisimple Lie algebras	64
§9. Appendix on Satake diagrams	73
Tables	77
