ESI Lectures in Mathematics and Physics

Edited by Christoph Dellago and Ilaria Perugia

The *Erwin Schrödinger International Institute for Mathematics and Physics* (ESI) is a meeting place for leading experts in mathematical physics and mathematics, nurturing the development and exchange of ideas in the international community, particularly stimulating intellectual exchange between scientists from Eastern Europe and the rest of the world.

The purpose of the series *ESI Lectures in Mathematics and Physics* is to make selected texts arising from its research programme better known to a wider community and easily available to a world-wide audience. It publishes lecture notes of courses given by internationally renowned experts on highly active research topics. In order to make the series attractive to graduate students as well as researchers, special emphasis is given to concise and lively presentations with a level and focus appropriate to a student's background and at prices commensurate with a student's means.

Previously published in this series:

A. L. Onishchik, *Lectures on Real Semisimple Lie Algebras and Their Representations*
W. Ballmann, *Lectures on Kähler Manifolds*
C. Bär, N. Ginoux, F. Pfäffle, *Wave Equations on Lorentzian Manifolds and Quantization*
D. V. Alekseevsky, H. Baum (Eds.), *Recent Developments in Pseudo-Riemannian Geometry*
G. Gallavotti, W. L. Reiter, J. Yngvason (Eds.), *Boltzmann's Legacy*
H. Ringström, *The Cauchy Problem in General Relativity*
E. J. Straube, *Lectures on the $\mathscr{L}^2$-Sobolev Theory of the $\bar{\partial}$-Neumann problem*
A. L. Carey (Ed.), *Noncommutative Geometry and Physics: Renormalisation, Motives, Index Theory*
W. L. Reiter, J. Yngvason (Eds.), *Erwin Schrödinger – 50 Years After*
C. Gérard, *Microlocal Analysis of Quantum Fields on Curved Spacetimes*

Robin S. Johnson

An Introduction to the Mathematical Fluid Dynamics of Oceanic and Atmospheric Flows

EMS PRESS

Author

Robin S. Johnson
School of Mathematics, Statistics and Physics
Newcastle University
Newcastle upon Tyne NE1 7RU, UK

Email: robin.johnson@newcastle.ac.uk

2020 Mathematics Subject Classification: 76-02, 86-02, 76D05, 76D33, 76M45, 76N06, 76N30, 76U60, 86A05, 86A10

Keywords: Mathematical fluid dynamics, asymptotic methods, atmosphere dynamics, ocean dynamics

ISBN 978-3-98547-029-7, eISBN 978-3-98547-529-2, DOI 10.4171/ESI/11
