Foreword v

Introduction to Teichmüller theory, old and new, VII
by Athanase Papadopoulos 1

Part A. Surveys

Chapter 1. The Deligne–Mumford compactification and crystallographic groups
by Yukio Matsumoto 21

Chapter 2. Complex geometry of Teichmüller domains
by Subhojoy Gupta and Harish Seshadri 63

Chapter 3. Holomorphic quadratic differentials in Teichmüller theory
by Subhojoy Gupta 89

Chapter 4. Mostow strong rigidity of locally symmetric spaces revisited
by Lizhen Ji 125

Chapter 5. Models of ends of hyperbolic 3-manifolds. A survey
by Mahan Mj 165

Chapter 6. Universal Teichmüller spaceas a non-trivial example of infinite-dimensional complex manifolds
by Armen Sergeev 195

Chapter 7. Generalized conformal barycentric extensions of circle maps
by Jun Hu 215

Chapter 8. Higgs bundles and higher Teichmüller spaces
by Oscar García-Prada 239

Part B. Essays on the early works on quasiconformal mappings

Chapter 9. A note on Nicolas-Auguste Tissot: at the origin of quasiconformal mappings
by Athanase Papadopoulos 289

Chapter 10. Memories of Herbert Grötzsch
by Reiner Kühnau (*transl. by Annette A'Campo-Neuen*) 301

Chapter 11. A note about Mikhaïl Lavrentieff and his world of analysis in the Soviet Union
by Athanase Papadopoulos (*with an appendix by Galina Sinkevich*) 317

Part C. Sources

Chapter 12. A letter
by Oswald Teichmüller (*transl. by Annette A'Campo-Neuen*) 351

Chapter 13. On some extremal problems of the conformal mapping
by Herbert Grötzsch (*transl. by Annette A'Campo-Neuen*) 355

Chapter 14. On some extremal problems of the conformal mapping II
by Herbert Grötzsch (*transl. by Melkana Brakalova-Trevithick*) 365

Chapter 15. On the distortion of schlicht non-conformal mappings and on a related extension of Picard's theorem
by Herbert Grötzsch (*transl. by Melkana Brakalova-Trevithick*) 371

Chapter 16. On the distortion of non-conformal schlicht mappings of multiply-connected schlicht regions
by Herbert Grötzsch (*transl. by Manfred Karbe*) 375

Chapter 17. On closest-to-conformal mappings
by Herbert Grötzsch (*transl. by Melkana Brakalova-Trevithick*) 387

Chapter 18. On five papers by Herbert Grötzsch
by Vincent Alberge and Athanase Papadopoulos 393

Chapter 19. On a class of continuous representations
by Oswald Teichmüller (*transl. by V. Alberge and A. Papadopoulos*) 417

Chapter 20. A commentary on Lavrentieff's paper "Sur une classe de représentations continues"
by Vincent Alberge and Athanase Papadopoulos 441

Chapter 21. An application of quasiconformal mappings to the type problem
by Oswald Teichmüller (*transl. by Melkana Brakalova-Trevithick*) 453

Chapter 22. Investigations on conformal and quasiconformal mappings
by Oswald Teichmüller (*transl. by M. Brakalova-Trevithick and M. Weiss*) . 463

Chapter 23. Simple examples for value distribution
by Oswald Teichmüller (*transl. by Annette A'Campo-Neuen*) 531

Chapter 24. Teichmüller's work on the type problem
by Vincent Alberge, Melkana Brakalova-Trevithick, and Athanase Papadopoulos 543

Chapter 25. A Commentary on Teichmüller's paper "Untersuchungen über konforme und quasikonforme Abbildungen"
by Vincent Alberge, Melkana Brakalova-Trevithick, and Athanase Papadopoulos 561

Chapter 26. Value distribution theory and Teichmüller's paper "Einfache Beispiele zur Wertverteilungslehre"
by Athanase Papadopoulos 585
