

The International Day of Mathematics 2025

Constanza (Coni) Rojas-Molina

March 14 marks the International Day of Mathematics, an initiative started in 2020 and led by the International Mathematical Union. The 2025 theme is “Mathematics, Art, and Creativity.”¹

Coni is a mathematician at CY Cergy Paris University, France. She is a science communicator and illustrator. Her preferred formats are sketchnotes and comics.

She is also member of the EMS Outreach and Engagement Committee, and the recipient of the 2024 Prize for Science Communication at CY Cergy Paris University. You can see her work at crojasmolina.com.
